

Every student can learn just not on
the same day or in the same way.
George Evans

बड़काट

Recapitulation

- 1- Research starts with curiosity. Every researcher's curiosity turns into a question. No matter every teacher has to ask a question.
- 2- Journey from ? to !
- 3- Research is not about finding the answer.
- 4- Research are basic and applied.
- 5- Plato (428-347 BC) started research for his theoretical research.
- 6- Aristotle (384-322 BC) started empirical research for his observation, data collection.
